Courvoisier VSOP 80° 750 ml.

Delicate, yet distinct

If one could sip tradition, it would be smooth and light, delicate yet distinct. It would be Courvoisier® VSOP. Subtle and harmonious, with hints of vanilla and almonds, it's the perfect blend straight or on the rocks. Courvoisier® VSOP is produced with a blend of grapes from the two finest crus, The Grande and Petite Champagne. This gives it the "Fine Champagne" distinction.

Smirnoff Mojito, Pomegranate Martini or Tuscan Lemonade 1.75 L.

THE PERFECT COCKTAIL IN EVERY POUR.

Introducing Smirnoff Cocktails, a line of super premium cocktails made with the finest ingredients and mixed to perfection. Host the perfect party by serving bar quality cocktails at home. You are guaranteed a perfect pour every time.

The **Smirnoff Mojito** is a new interpretation of the classic Cuban Mojito, made with Smirnoff No. 21 vodka, lime and mint flavors, and other quality ingredients.

The **Pomegranate Martini** is made with Smirnoff vodka, pomegranate juice, Meyer lemon liqueur, and a touch of natural lemon.

Smirnoff's Tuscan Lemonade is a definite winner. It's Smirnoff vodka, limoncello, and lemon juice (and probably a smattering of other, unspecified natural flavors), and a touch of color. A crisp and tart drink that tastes strongly of lemons and has a light touch of limoncello's signature bitterness. It's very refreshing served over ice, it's incredibly, at a mere 30 proof, surprisingly drinkable.

Ciroc Vodka 80° 750 ml.

An exquisitely smooth, fresh vodka distilled exclusively from fine French grapes, Ciroc is vodka of the highest order. At the heart of this unique vodka are carefully selected cold snap grapes grown high in the Jallac region of France.

90-95 PTS, TOP SPIRITS FOR 2003, WINE ENTHUSIAST.

Owens a peculiar bouquet reminiscent of turkey dressing; palate

entry is sweet, ripe and grapey; midpalate highlights the sweet, fruity ripeness.

Jim Beam Black Label Kentucky Bourbon 86° 1.75 L.

The Beverage Testing Institute, world renowned for their knowledge of fine spirits, rated Jim Beam Black highest among leading North American whiskeys for its overall nose, depth of flavor and finish. It took eight years in a charred new oak barrel to create the rich texture and extremely smooth flavor found in the best bourbon ever to bear the Beam family name.

When Jacob Beam cooked up his first batch of bourbon back in 1795, debts were settled with duels. The American Dream was still taking shape. And you added more horsepower by, well, adding another horse.

A lot has changed over the past 214 years. But here at Jim Beam®, we're proud to say that things have remained more or less the same. We've spent all that time painstakingly and passionately perfecting Kentucky Straight Bourbon Whiskey. We're proud that the world's finest bourbon is still made by the same family, pretty much the same way. That's how it's been for seven generations.

Which is not to say we're stuck in the past. We've added to Jacob's first creation—now known as Jim Beam Bourbon—by crafting a whole family of bourbons. Some are aged longer to add a little more character and complexity. One of our whiskeys is filtered through charcoal for a more rounded and mature taste. Another offers a spicy rye flavor. And a few are made in small batches, the way bourbon used to be made. They can be light and delicate. Creamy and elegant. Smooth. Balanced. Chewy. Crisp. In fact, we're convinced there's a bourbon for everyone.

So enjoy. And have fun finding the one that's right for you.

Jose Cuervo Golden Margarita 1.75 L.

Cuervo Golden Margarita(TM), the first super-premium, ready-to-serve margarita that offers a delicious and convenient way to entertain with quality and style. Seagram's 7 Crown Whiskey 1.75 L.

Taste the smooth taste of Seagram 7 in the number one call drink around. A Seagram 7 and 7-Up.

All of the whiskeys in Seagram's 7 Crown are aged for a minimum of 4 years, some in new charred white oak barrels and some in used charred white oak barrels. The maturing inventory is monitored by expert blenders for flavor development.

As the inventory gets near its usage age, blenders lab-produce products using different percentages of inventory components until the exact flavor profile of Seagram's 7 Crown is achieved. This inventory survey and lab blending is a constant process and is one of the reasons the flavor of Seagram's 7 Crown has remained

consistent.

Effen Vodka 80° 750 ml.

"Effen means Smooth, Even and Balanced in Dutch."

Imported Luxury From Holland.

The water used in EFFEN Vodka goes well beyond the standard filtering process. Pure spring water is forced through specifically constructed filters under extremely high pressure. This process ensures that all impurities are removed for the purest water attainable. At the heart of EFFEN Vodka is premium wheat from

Northern Holland as opposed to corn, rye, grapes, potato or soy grain. Of all grains used to make vodka, wheat contains the purest kind of starch. What's more, it also contains an extremely low level of fat and fatty acid which is yet another reason EFFEN Vodka is so balanced and silky smooth.

**Effen Vodka is imported by Planet10 Spirits LLC, Chicago, IL. Base brand; 40% alcohol by volume (80 proof). 100 neutral spirits distilled from wheat grain. Please enjoy Effen Vodka responsibly.*

Windsor Canadian, 80° 1.75 L.

Beverage Testing Institute: Rated 81 - Dark gold. Medium body. Dry.

Reminiscent of peach, honey, clove, pine. Rich, assertive texture. Packs in plenty of grainy wood notes with fruit and fragrance.

Maker's Mark Kentucky Straight Bourbon Whisky 750 ml.

Handmade in batches of less than 19 barrels, every bottle of Maker's Mark is sealed by being hand-dipped in our signature red wax. This final touch is just one of the many differences that set Maker's Mark apart from other high-end bourbons.
