SPEC'S Cheese of the Week

Heini's Raw Milk Yogurt Cheese, 8oz

Heini's cheese has been made from Amish farm-fresh milk in Millersburg, Ohio since 1935. Recently they started making raw milk cheese to allow the full flavor of the cheese to develop. Yogurt cheese does not taste like yogurt but has a creamy, buttery flavor with a slight, pleasant tanginess. Being made with yogurt cultures, though, does allow it to have the same benefits, as it contains the live cultures acidophilus, bifidus, and Casei.
