## SPEC'S Cheese of the Week

### Petit Sapin

Made by Jean Perrin from France's famous Franche-Comte region, Petit Sapin is made from Alpine cows' milk. Perrin produces magnificent cheeses from pasteurized milk which resemble the raw milk variety. Petit Sapin is ripened in its own box. The wooden band maintains the cheese shape and should not be removed even when serving because of its super creamy texture. The flavor is very buttery with a lightly piquant finish. 9.6oz
